**ATTACHMENT A-1**  
**Specification Amendments**

**Please amend the first paragraph of page 5 as follows:**

As recognisable from Figure 3, the following geometric dimensions result:

$$c \geq 0$$

$$a > 0$$

$$a \leq l$$

wherein c represents the spacing of the two tablets 6 arranged adjacent to one another in a foil bag 3, a represents the spacing between the outer edge of a tablet 6 and the associated side wall 2b of the wrapping 2 and l represents the overall fin length of the foil bag 3 or the length of the foil bag 3 from the outer side of a tablet 6 up to the free end.
